European Association for
Heritage Interpretation

Stronger together: Fostering heritage communities
Interpret Europe Conference – 8 to 11 May 2020 in Haapsalu, Estonia

More than 50 international speeches, presentations, workshops and study visits

Through interpretation, I believe heritage can contribute to the building of communities, not just at local level, but also on national and European levels.

Bringing citizens closer to their heritage is about bringing them closer to each other, and this is an important step towards a more inclusive society.

Tibor Navracscics, EU Commissioner for Education, Culture, Youth and Sport
